THE QUALITY OF A BUGGY

SHOWS IN ITS USE.

If you want a buggy of which you can always be sure we have it. It will **OUT-WEAR, OUT-LOOK and OUT-STAY** any buggy made anywhere by anybody, (no exception whatever) and look better when you have gotten tired of it than most buggies do after 1 or 2 years use. This sounds big and might seem like **WIND**, but we are back of it all. Our guarantee on this buggy is the strongest ever given on **ANY BUGGY** by **ANY FIRM**.

"We guarantee fully against any defect in material for **TWO YEARS** from date of purchase. For one year we guarantee wheels, axles, springs, running gear and shafts **AGAINST BREAKAGE** from any cause whatever. No questions asked at all. If your horse runs away, if you drive over a stump, in fact an accident of any kind breaking up your buggy will be fully covered."

That is the quality of this buggy and the price right. We still have the best, cheap, buggy ever sold in this county. Let us show them to you.

"For every dollar spent at our store we guarantee 100 cents worth of satisfaction."

FIVE INCHES

Of Rainfall In Seven Days the Record.

Severe Rain and Hail Storm Wednesday Night, With Much Wind.

All complaints have now ceased about the drouth. Even those hardest to please have enough rain. Beginning with April 24th the following is the official report of the rainfall:

April 25	38 inches
April 28	1.55 "
April 29	.47 "
April 30	.14 "
May 1	2.00 "
Total	4.76 "

This precipitation of nearly five inches has seldom been equaled in any one week. The heavy rains have left the ground in a thoroughly soaked condition, and we are now in danger of getting too much of the "water cure." Corn may rot in the beaten ground and crops not planted will be necessarily late.

The rain Wednesday night and yesterday morning was exceptionally hard. It began about seven o'clock p. m. with a flurry of wind, followed by a deluge of water and hailstones, some of which were as large as guinea eggs. The thunder and lightning were terrific accompaniments. The storm, while severe, seems to have done but little damage, as vegetation was hardly advanced enough to be hurt by the hail. Yesterday the sun was out again, but the storm conditions still prevail and we may expect more rain.

No Prayer Meetings.

The storm Wednesday evening at seven o'clock broke up all of the prayer-meetings in the city. Rain, thunder, lightning, wind and hail proved too much and no attempt was made to hold services in any of the churches. This is the first time in many years that no Wednesday night prayer meeting services were held in the city.

BARKER-CAROTHERS.

Young Dentist Weds a South Christian Belle.

The marriage of Dr. E. H. Barker and Miss Robbie Carothers, a daughter of Mr. R. J. Carothers, of Lafayette, was solemnized Wednesday evening at 9 o'clock at the residence of Mr. J. B. Allenworth, a relative of the bride. Elder H. D. Smith performed the ceremony in the presence of a limited number of friends. The bridal couple took the north bound train for a tour to St. Louis and other points. They will return in about a week and after a brief visit to the bride's home at Lafayette, will take board with the Misses Hopper on 18th street.

KENTUCKY ENDEAVORERS.

Annual State Convention Being Held at Cynthiana.

The Annual State Convention of the Christian Endeavorers of Kentucky will begin at Cynthiana today. It will continue for three days, and will close with religious services Sunday. National Field Secretary Eberman, is in attendance.

Gave a Party.

Miss Edna Lander gave a party at the home of her father, Mr. J. B. Lander, on West Seventeenth street Monday night. There were about thirty young people present and the affair was greatly enjoyed by all. Dancing was a feature of the occasion.

Sold Out Plant.

The Clarksville Gas Light Company has sold out to J. H. Fall and other Nashville capitalists, who will increase the capital stock from \$30,000 to \$50,000 and make extensive improvements.

WILLFUL MURDER,

So Says the Coroner's Jury After Hearing Witnesses.

One Negro Kills Another at Empire Mines in a Row Over a Woman.

Crofton, Ky., May 1.—Jeanice Woodbury, a negro boy 16 years old, was shot and instantly killed at Empire mines, at 7:15 o'clock Tuesday evening. The weapon used was a shotgun, and Woodbury was shot in the breast and died instantly.

Gracey claimed that the boy had insulted his wife and the testimony of Solomon Snaden, col., before the coroner's jury, is that of an eye witness and is probably a correct version. He stated that Gracey came up with a gun on his shoulder and told him that he had been to Woodbury's boarding house and would have killed him if he could have done so.

Gracey gave as a reason that Woodbury had insulted his wife. While this conversation was being held in front of the foreman's office. Woodbury came around the corner. Gracey covered Woodbury and Woodbury said "I have never done anything to you. I have always treated you right, you d—son-of-a-b—h." Gracey then fired and Woodbury fell dead. He had a gun in his hands, but made no attempt to use it. Several other witnesses testified to about the same effect. J. R. Holoman stated that the trouble began a few minutes before, when Gracey drew the gun on Woodbury at the boarding house, but left when he was told to have no trouble there. Woodbury ran into the house at that time.

The verdict of the coroner's jury was that the killing was willful murder. Woodbury's home was in Nashville. He had been at Empire since last September. The body was sent to Nashville for interment. The gun used by Gracey was a single-barrel breech loader. Gracey has not been arrested.

SOUL WINNERS

Meet in Madisonville For Three Days' Session.

Strother, of Cadiz, will deliver an address on "Soul Winning in the Home."

The exercises will open tomorrow morning with a discussion by Rev. W. H. Vaughan, of Howell, and at night Rev. J. N. Prestidge, of Louisville, will address the body on "The Source of Power in Soul Saving."

The two retiring trustees are J. E. McPherson and W. H. Faxon. The election bids fair to be without contests and devoid of much interest.

RESISTED ARREST.

Lewis Harris Tries to Use a Pistol.

Lewis Harris, a driver for Woolbridge & Co., resisted arrest and drew a pistol on Chief of Police Armstrong yesterday afternoon. The officer clubbed him over the head and finally arrested him with the assistance of Officer Craven. Harris was tried and fined in the police court.

VICTORY FOR DAVIDSON.

Result of the Contest for the Office of Mayor at Covington.

Frankfort, April 29.—The case of Davidson vs Johnson for the office of mayor of Covington, was decided to-day by the appellate court in favor of Davidson, the straight Democratic nominee.

Miss Reynolds Leads.

Miss Annie May Reynolds now has a long lead in the contest for Queen. The last count gave her 1123 votes out of 2356 cast. She has considerably more than half the votes cast.

Mr. Garner E. Dalton has succeeded Mr. J. M. Bullard as local agent of the Equitable Life Insurance Co. He is a young man of great energy and business capacity and will make the company a hustling and efficient agent.

THREE ARRESTS.

Woodruff, Drake and Wiley Caught at Sullivan, Ind.

Charged With Being Implicated in the Murder of Officer

Robt. H. Coffey.

John Woodruff, Burrell Wiley and Francis Drake, were arrested at Sullivan, Ind., charged with complicity in the murder of officer Robt. H. Coffey at the Empire mines last November, were surrendered to the Kentucky authorities by a Circuit Judge at Sullivan, Ind., Monday. Detective John B. Harlan, of Louisville, who carried Gov. Beckham's request to Indiana and caused the arrests, reached this city with his prisoners the same night.

Gov. Durbin, of Indiana, had no hesitancy in honoring the requisition of Gov. Beckham for the men, although he refused to grant a requisition for fugitives Taylor and Finley, who are charged with the assassination of Gov. Goebel.

In addition to the large force of deputies, the men were accompanied by their families, consisting of three women and two children. One of the children was a sucking babe and clung to its mother's breast while the prisoners were rudely jostled through the station to the cars by the guards having them in charge.

Sullivan is a union miners stronghold and although there was a political primary held there Monday and many threats of trouble had been made, the officers from Kentucky got out peacefully with their prisoners. There were several hundred union men sympathizers with the prisoners at the jail and at the depot who revived the officers and called them all sorts of names, but they parted the crowd smilingly and took their prisoners through without noticing the insults offered.

At Evansville a party of sympathizers visited the depot while the party waited for the Louisville & Nashville connection. These also offered insults to the officers, but were quieted by a policeman who threatened to lock the leader up.

The prisoners were accompanied by their attorneys from Sullivan and by one friend.

Of Hopkins county, as a candidate for Congress
in the Second district, subject to the action of the
Democratic party. Election Nov. 1902.

We are authorized to announce
JUDITH E. TAYLOR,
Of Davis county, as a candidate for Congress
in the Second congressional district, subject to
the action of the Democratic party.

We are authorized to announce
M. W. WILSON, JR.,
Of Christian county, as a candidate for Railroad
Commissioner in the First Railroad District of
Kentucky, subject to the action of the Demo-
cratic party. Election Nov. 1902.

Mr. Bryan has again declared
that he will not be a candidate for
President in 1904.

Hon. J. Sterling Morton, of Ne-
braska, Cleveland's Secretary of
Agriculture, died this week.

The candidates for appellate
judge seem to be in no hurry to en-
ter the race. There is only one
announcement in the district press
so far as we have seen.

It is announced from Washington
that Mrs. Roosevelt will go into re-
tirement at Oyster Bay for several
months, and that by autumn a baby
carriage will be needed at the
White House.

The announcement is made that
Mark Hanna is to resume his writ-
ing for the magazines, interrupted
some months ago. His first article
may possibly be on "The Meatless
Dinner Plan."

Three brothers of the Castellano
family have been elected to the
French Chamber of Deputies, the
first time on record that such a
thing has occurred. One of them
is the husband of Anna Gould.

Bowling Green's new daily paper
is a handsomely printed morning
paper, that makes a most creditable
start in every way. Morton B.
Gaines, Jr., of Col. John H. Gaines,
is the general manager.

Hon. John S. Rhea has announced
his candidacy for re-election to
Congress in the Third district. He
was recently associated by the Re-
publicans and his seat given to
McKenzie Moss.

The Kentucky Oil Journal says
there are more than 500 companies
in Kentucky producing or boring
for oil and that 100 of the 119 coun-
ties have made some efforts at the
development of their oil resources.

Geo. W. Greenup, of Paducah,
has withdrawn from the race for
Congress in the First district, leav-
ing Olie James and Sam Crossland
to fight it out alone. The primary
will be held May 24th.

The editorial department of the
Review of Reviews for May gives
an excellent summary and expo-
sition of the various measures before
Congress. There are also illumi-
nating paragraphs on foreign pol-
itics—the French elections, affairs
in the far East, and the South Afri-
can situation, with discriminating
comment on the career of Cecil
Rhodes and the purpose and prob-
able results of his remarkable en-
deavors.

Beware of Ointments for Catarrh That Contain
Mercury

as mercury will surely destroy the
sense of smell and completely de-
range the whole system when enter-
ing it through the mucous sur-
faces. Such articles should never
be used except on prescription from
a reputable physician, as the dam-
age they will do is ten fold to the
good you can possibly derive from
them. Hall's Catarrh Cure, manu-
factured by F. J. Cheney, and of
Tribune of catarrh to mucous
surfaces and taken internally, actu-
ally cures the blood and mucous
surfaces of the system. In buying
Hall's Catarrh Cure be sure you
get the genuine. It is taken inter-
nally, and made in Toledo, O., by
F. J. Cheney & Co. Testimonial-
free. Sold by druggists, price 75
per bottle.

Soil Rheum

It may be called rheum.
It may, with the help of large
infused, burning, scaling
patches, and other intense suffering
It has been known to do so.
Do not delay treatment.

Thoroughly cleanse the system of
the humors on which this ailment de-
pends and prevent their return.

The medicine taken by Mrs. Ida E. Ward
Core Point, Md., was Hood's Sarsaparilla.
She writes: "I had a disagreeable itching on
my arms which I concluded was soil rheum.
I began taking Hood's Sarsaparilla and in
two days felt better. It was not long before
I was cured, and I have never had any skin
disease since."

Hood's Sarsaparilla

Promises to cure and keeps the
promise. It is positively unequalled
for all cutaneous eruptions. Take it.

Gen. Jake Smith will live in history
as the champion barbarian of
modern warriors. His order to
make "Samar a howling wilderness
and kill every body over ten years
old" stands without a parallel for
brutality. Sherman's raid is not
to be compared to it. Sherman de-
stroyed property, but he spared the
lives of non-combatants along his
route. Weyler was an angel of
mercy compared to Smith. He ex-
ecuted soldiers without conscience.
But he at least gave the women and
children the privilege of living in
the camps he established. Jake
takes the cake.

The Nashville News issued a
Tennessee Central Edition in cele-
bration of the completion of the T.
C. railroad from Harrison to Nash-
ville. The issue contains 64 extra
pages, making a paper of 72 pages.
It is a great publication of the kind
and as a piece of newspaper en-
terprise is entitled to unstated
praise. As an exploitation of the
resources of Tennessee and Nash-
ville, it will undoubtedly do much
good. Managing Editor T. B.
Goodwin and his assistants should
be proud of their achievement.

The News is rapidly taking a
front rank among Southern news-
papers.
Ten thousand cattle remained
unsold in the pens at the Chicago
Stockyards Wednesday night, the
result of the packers declaring
they would suspend buying until
the people again began eating meat.
The price on cattle dropped 15 to
25 cents on the hundred weight.
Angry shippers charged that they
were victims of a conspiracy, and
the packers do not deny that they
planned a slump in the markets.
Fish is taking the place of beef at
trout prices.

The Louisville excursion, made
up of "Heads of Houses," which
has been doing the river towns this
week, has had plenty of nice rain
water to mix with other things.

READY FOR BUSINESS.

Dr. Outcalt, Successor to Dr.
Eckenrode, Arrives.

Dr. Chas. E. Outcalt, of Fred
ricksburg, Va., arrived in the city
Tuesday night and has opened a
dental office over the Bank of Hop-
kinsville. He is occupying the
rooms vacated by Dr. Eckenrode,
who returned to Virginia last week.
The two dentists exchanged prac-
tices.

Dr. Outcalt comes into our midst
highly recommended, both profes-
sionally and socially. He is a
graduate and post-graduate of the
University of Maryland and was
enjoying an excellent practice when
he decided to come to Kentucky and
locate in Hopkinsville.

Mrs. Outcalt will join her hus-
band in a few weeks.

Dr. Outcalt is boarding with Dr.
J. M. Dennis.

TENNESSEE YOUTH

Given a Work House Sentence to
Thrift.

Frank Miller, a youth from East
Tennessee, was convicted of the-
ft of \$11.25 in cash, a pair of
shoes and a valve, and sentenced
to the work house for 30 days.
He was charged with having robbe-
d two companions, named Gambo
and Tate, also of Tennessee. The
three boys were working on a farm
just west of the city.

FIFTEEN TRUSTEES

For the Confederate Veterans
Home Named by Beckham.

Frankfort, Ky., April 29.—Gov-
ernor Beckham today named the
following as trustees of the Con-
federate Veterans' Home, provided for
by the recent Legislature: H. P.
McDonald, of Louisville; W. O.
Coleman, of Trimble; R. A. Bro-
der, of Fulton; Fayette Hewitt, of
Frankfort; R. E. Duncan, of Haves-
ville, for two year terms; Lelan
Hathaway, of Winchester; J. H.
Bozarth, of Owensboro; Dr. L. B.
Blanton, of Danville; A. L. Harrod
of Boston, and Ben D. Terry, of
Cadiz, for three-year terms; Ben-
nett H. Young, of Louisville; Geo.
Mattingly, of Bardonia; Dr. L. J.
Jones, of Simpson county; T. Hedger
of Rogers Gap, and H. H. Ewing
of Owensville, for four-year terms.
The trustees are to select the site
and see that a proper building is
erected by private subscription.
After the building is completed and
ready for occupancy the State will
pay \$125 for maintenance of each
inmate, provided the total does not
exceed \$10,000 per year.

SURRENDERS LEASE.

Hopkinsville Man Will in Future
Be General Manager.

W. E. Booth, who has operated
the Carbondale mines, nine miles
west of Earlington for several
years, surrendered his lease and
gave the property over to the Car-
bondale Coal Company. L. Haydon,
of Hopkinsville, will be located at
the mines as general manager, and
says the mine will be operated
without interruption and with the
same force and under the same pol-
icy as before. Mr. Booth's lease
did not expire until August, but his
health is poor, and on this account
he decided to surrender it now.

The Most Common Ailment.

More people suffer from rheu-
matism than from any other ailment.
This is wholly unnecessary too, for
a cure may be effected at a very
small cost. G. W. Wescott, of
Meadowdale, N. Y., says: "I have
been afflicted with rheumatism for
some time and it has caused me
much suffering. I concluded to try
Chamberlain's Pain Balm and am
pleased to say that it has cured
me." For sale by all druggists.

OTHER DAMAGE.

Lightning's Work at Oak Grove,
This County.

A special from Clarksville to the
Nashville American says: "This
section was visited by one of the
heaviest rain storms that has been
known in twenty years. It was ac-
companied by thunder and light-
ning, and while there has been a
loss of life reported several narrow
escapes from lightning are record-
ed. A bolt struck the telephone
wire connecting P. C. Salter's store
at Oak Grove. Will Ladd, a clerk,
and J. H. Clayton, the village black-
smith, were inside the store and
were dashed to the floor by the
shock. Clayton was entirely help-
less for hours afterward."

TO PRISON FOR LIE.

John Eggle Goes Up For the Providence Mine Murder.

Earlington, Ky., April 30.—In the Webster Circuit Court at Dixon today John Eggle was sentenced to imprisonment for life. He is one of the two negroes who were captured at Uniontown just after the big battle at Providence last fall when the non-union miners were attacked by an armed body of unionists early one Monday morning. Both negroes were indicted for murder. Both escaped from the Dixon jail, but Eggle was recaptured within a few hours, owing to the severity of the weather. The other fugitive was caught at Uniontown some time afterwards, but was rescued from the officers and released by a mob of union miners at Sturgis. He has never been recaptured.

J. R. Wood, former District President of the Union Mine Workers, and Kit Barabuy, now President of the organization, are under indictment and bond for the same murder. Their trial is set for the July term of Webster Circuit Court. Tom John, a negro, who took part in the attack upon non-union men in the highway, confessed guilt, and was sentenced to one year in prison.

Wont Follow Advice After Paying For It.

In a recent article a prominent physician says, "It is next to impossible for the physician to get his patients to carry out any prescribed course of hygiene or diet to the smallest extent; he has but one resort left, merely the drug treatment." When medicines are used for chronic constipation, the most mild and gentle obtainable, such as Chamberlain's Stomach and Bowel Tablets, should be employed. Their use is not followed by constipation as they leave the bowels in a natural and healthy condition. For sale by all druggists.

Whooping Cough.

A woman who has had experience with this disease, tells how to prevent any dangerous consequences from it. She says: "Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not give them this remedy. Our oldest little girl would call lustily for cough syrup between whoops." — JESSIE PINKEY HALL, Springfield, Ala. This Remedy is for sale by all druggists.

SMALL ADVANCES.

The Mine Operators' and Miners' Conference at Central City Agree on Scale.

Central City, Ky., April 30.—An agreement was reached between the coal mine operators and the United Mine Workers to-day. The scale of wages, which will apply from the first of April, 1902, to the first of April, 1903, is practically the same as the scale of last year, an advance of fourteen cents per day for outside day hands and a small advance for both inside and outside drivers, being the only material difference. The convention has been in session here for three days and the heat of feeling has been evident from the beginning. While it was not generally believed that an agreement would be reached, the result is about what was expected if a settlement was made and appears to be entirely satisfactory to all concerned.

Buckskin Bill and his Indian.

Buckskin Bill's Wild West show arrived here from Nashville at an early hour this morning and the train of 10 cars was soon unloaded and a busy scene followed at the show grounds on the Thomas land on East Pearl St. A large number farmers were in town, many of them very early. The parade occurred promptly at 10 o'clock, and was witnessed by a large crowd. The features were unique, the Indians and cow boys especially attracting much attention. Performances are given this afternoon and evening.

There are 36 Indians from the Sioux Reservation with the show. They are headed by the Great Chiefs "Short Bull" and "Red Bear" and sub-chiefs "Two Dog" and "Bear Shield" the medicine man, "Hollow Horn Bear" and Policeman "Bad Corn Cob" with "Crazy Horse" the interpreter. In their tepees this afternoon they were busily engaged in donning their war paint preparatory to the afternoon show. Not one of them but bore scars from wars among themselves or the whites.

The band of Indians are off the reservation by the consent of the government while "Buckskin Bill" gives \$10,000 bond for their safe return.

They are a typical band of America's primitive inhabitants and far superior to any band of Indians ever exhibited before the public.—Commercial Appeal Memphis, Tenn. Will exhibit at Hopkinsville Wed. May 10.

MANY OFFERS OF MARRIAGE.

One Fellow Willing to Milk While She Plays.

Miss Lotta Greenup, who is aiding her father, George W. Greenup, in his race for Congress in the 1st district by playing the violin and singing rag-time songs, says her father will win.

"You see," said Miss Greenup, "I had been doing concert work for some time and it was not hard for me to play before a crowd. A political crowd is not a concert crowd but every time I gave them the best I had and they were awfully kind to me."

No one rushed up and kissed me or anything like that as some newspapers made out but they did shout and throw their hats in the air which made me feel good, of course. I want to go to Germany to study the violin. I have had offers but I will not go on the concert stage until capable of doing as well as I should like to do.

I have quit counting my offers of marriage. One fellow out west wants me to come out and play the fiddle while he milks the cows. He is sure that if I played they would give twice as much milk and he would soon get rich.

A law student wanted me to marry him so my music would help him through college and then his law would make us both comfortable.

THE TIME IS PAST

For cheap buggies. Very frequently you see a buggy of a superior make, such as WOODHULL, SCHACHT, TROY or COLUMBUS, that has been used constantly for TEN YEARS, some of them FIFTEEN YEARS. They cost nearly twice as much, but they last four or five times as long, and the people are finding out they have been making a grave mistake in buying the "CHEAP JOHN" grades. We notice this in the brisk trade we are having in the HIGH GRADE WORK this season.

We carry some cheap buggies too for those who haven't the means to buy the best. Our assortment contains a number of wire wheel fancy jobs. We are making good our promise to carry the biggest line of Buggies and Carriages to be found in any one house in the State.
